Graduation Year: \_\_\_\_\_

## Chemistry Minor

The minor program in chemistry furnishes an overview of the areas which traditionally comprise the discipline. This program provides a suitable background for those students who seek to apply this knowledge in a variety of fields.

### Requirements:

#### All of the following (12 sem. hrs.)

- CHEM 107L      General Chemistry (4 sem. hrs.)
- CHEM 108L      Chemical Analysis (4 sem. hrs.)
- CHEM 213L      Organic Chemistry I (4 sem. hrs.)
- Three additional courses in chemistry above the 100-level (9-12 sem. hrs.).

*\*Students majoring in biochemistry and molecular biology may not minor in chemistry. Students majoring in biology or biological sciences: health science should work with their advisor to ensure that no more than 50% of the semester houses applied to this minor are also applied to their major. The total number of courses required for the minor is 6 (21-24 semester hours).*
