- Planning
- Consulting
- Policy Advising
- Banking
- Finance
- Insurance
- Sales

- Economics is a social science that researches people and how they use their resources with a focus on the economic well-being of society.
- An undergraduate degree in economics can lead to many career opportunities. Students should clearly define their goals and seek experiences and skills necessary to reach those goals.
- Most “economist” positions require masters or doctoral degrees in economics or a closely related field.
- Economics can serve as good preparation for graduate programs in economics, law, public administration, international affairs, management science, or business.
