

Advising for seniors

Requirements to be taken either Fall or Spring Semester

Course selection **must** include:

- One PE activity course

In order to graduate a student must:

- Meet all of the requirements of the Sustainable Community Curriculum
- Meet all of the requirements for the chosen major(s)
- Complete a minimum of 120 semester hours with the following stipulations:
 - no more than 45 of these hours can be in any one discipline
 - Only 8 semester hours towards the 120 can be PE or arts and performance classes (except as required by a major)
 - A maximum of 12 semester hours of internship credit counts towards the 120 required
 - A maximum of 12 semester hours of independent study credit counts toward the 120 required
 - A maximum of 8 semester hours of credit for tutorials counts toward the 120 required
- Complete at least 60 semester hours at Wells College (including up to 20 in affiliated programs)
- Have a cumulative GPA of at least a 2.0
- Have a minimum GPA in the major field of 2.0 for courses taken in the sophomore, junior and senior years

Each student will receive a degree audit at the beginning of the senior year via campus mail. Students should check over the audit carefully with the advisor to ensure that the audit is correct and there is a plan in place to complete any outstanding requirements.

Degree Expected

Students with senior standing may participate in Commencement activities as 'degree expected' if all major requirements, the senior comprehensive evaluation, and at least 114 semester hours have been completed. Degree expected students are expected to complete the remaining work by the end of the calendar year.
